

## PRODUCT OFFERING

Custom Designs Available Upon Request

### Swellable Packers and End Ring

U.S. Patent Numbers  
8,640,770  
8,739,865  
9,267,653  
9,328,566

Patented Swellable Packer and End Ring Technology

AER Coiled Tubing Bits

### AER Patented Bonded Centralizer System

### "Super Slider" (NRP-SS3) Non-Rotating Protectors

- Reduce torque & drag
- Protect against casing wear
- Reduce buckling, vibration and stick slip
- Open-hole capabilities

### Centralizers

- Bowspring
- Solid Body
- Composite
- Hollow Vane
- Single Piece/Non-Welded

Reamer Shoes,  
Mechanical Stage Tools,  
Inflatable Packers,  
Float Equipment & Plugs,  
Toe Sleeves, Flotation Subs

## ELLISON FLUID CALIPERS

Pre-determine the volume requirements for any selective cementing job.

### PDC Drill Bits

### Products

Digital Wellbore offers an ever-growing suite of products that will solve customer challenges in:

- Horizontal multi-stage fracturing completions.
- Well construction and long horizontal wells.
- Zonal isolation
- Stimulation of individual zones on coiled tubing and jointed pipe
- Toe initiation of multi-stage wells.
- Sand control completions

Custom sizes available upon request on all AER product lines.

Efficient · Responsive · Timely · Customer Oriented · Professional · Safety Conscious · Innovative
